

# Come and join the team this winter...

...and help reduce the number of people sleeping rough

**The Cambridge Churches Homeless Project** works with local churches and a local synagogue to provide a friendly welcome, hot supper, and safe space to sleep for up to 15 rough sleepers from December to March. 100s of volunteers support the project evening and overnight on a rota basis.

**But we cannot ask volunteers to do everything** – and this is where you come in! There is a lot of equipment and paperwork to be dealt with every day – collecting, delivering, cleaning, printing, purchasing, organising.

**The Materials Coordinator** will have the job of helping to close up the project each morning and ensure that everything is ready for the next evening.

**Salary and travel expenses will be paid**, 16 hours a week, Monday to Friday, December through March. You'll need access to a computer, internet, printer etc, and a suitable car. References will be needed, ideally including one from a local church minister.

*RSVP to [info@cchp.org.uk](mailto:info@cchp.org.uk) ... and thank you!*
